

diptyque is open to the world and present across the globe where it distils its fragrances, subtle blends of refinement and naturalness for which it alone has the secret.

Quintessentially French, both through its origins and through luxury imbued with elegance of which it is the archetype, diptyque cultivates a free and eclectic spirit turned towards art as well as nature, innovation and the wealth of the past.

This is a House of tradition driven by a daring temperament... Scented candles, fragrance diffusers for the home, eaux de toilette and eaux de parfum or face and body care products bear witness at all times to the extreme importance accorded to know-how, to the beauty of the gesture that is the hallmark of luxury craftsmanship. Rituals are dear to the House, rituals of beauty or the rituals in discovering fragrances all go to make life more beautiful by endowing every moment of it with meaning.

From ranges to collections, diptyque sculpts its universe into a genuine art of living that it is happy to share with its connoisseurs around the world.

L'ART DU PARFUM

For diptyque, creating fragrances is an art and art is a journey.

An imaginary journey of the mind and the senses across olfactory landscapes, far from the paths that others take, in search of rare raw materials and unexpected accords. A journey between the past and the future, between tradition and the avant-garde, toward another place where history, new ideas and disruption combine.

diptyque is always in between two worlds, finding its balance between dreams and reality, free from traditional gender codes or cultural boundaries, committed to developing connections and blends that nourish its inspiration.

It is a creator of essences and images where the eye, the hand and the nose are united to constantly revisit the surprising world of Haute Parfumerie.

L'ART DU SOIN

L'Art du Soin holds a very special place at diptyque.

It is a gentle confirmation of the values adopted by the House, this art de vivre nourished with authenticity and refinement, this demanding selection of raw materials, this know-how put to the service, as always, of tireless research.

L'Art du Soin for the body travels from the Mediterranean basin to the gates of the Orient, while gathering ancestral rituals and rare products. Gel, milk, ointments and precious oils freely assemble to embrace, invigorate, soothe and nourish the skin and hair.

Byzantine rose, Alexandria orange blossom, Corinth immortal, Florentine iris... Delicate fragrances, voluptuous textures and innovative recipes.

ORANGE BLOSSOM [*Citrus aurantium* or *bigaradia*] – A tree with, shiny, robust oval leaves and fragrant white flowers, which are small on the sweet orange tree (*Citrus sinensis*).

L'ART DU SOIN

L'Art du Soin is a poetic experience, a sensorial product line designed for the well-being of both the body and soul.

The fruity sparkle of bergamot, the tangy zest of green mandarine, and the citrusy, honey-kissed taste of neroli... A fabulous fusion of freshness that awakens the body and stimulates the mind, echoing the invigorating waterfalls of Calabria. The bright scent of orange blossoms, like a morning breeze, refreshes sleeping skin, leaving it soft and replenished.

PHILOSYKOS

The memory of a Greek summer at Mount Pelion. To get to the sea, there was a natural grove of wild fig trees to cross through. The sun at its zenith heated the earth, the dry wind carried the scent of the trees and their fruit. Philosykos is an ode to the entire fig tree: the green freshness of the leaves, the density of the white wood, the milky flavour of the figs.

“Philosykos” means “friend of the fig tree” in Greek. A tree whose leaves and a few branches brought back in a memory box was the source of inspiration.

Olfactory collection: woody

Raw materials: fig leaves, fig tree sap, fig tree wood, black pepper
